Dear Sir / Madam,

The Ramakrishna Math is a worldwide spiritual and philanthropic organization which aims at all-round development of human faculties, social equality and peace for all humanity, without any distinctions of class, creed, caste, race or religion. It was founded by Sri Ramakrishna's chief disciple and famous spiritual leader **Swami Vivekananda** (1863-1902), who is regarded as 'one of the main moulders of the modern world' in general and of modern India in particular. Work done by Swami Vivekananda has received national as well as international recognition.
